

NOTICE TO READER

As of June 30, 2016, Till Capital Ltd. (“Till”) determined that it no longer qualified as a “foreign private issuer” as such term is defined in Rule 405 under the Securities Act of 1933, which means that Till, as of January 1, 2017, has been required to comply with all of the periodic disclosure and current reporting requirements of the Securities Exchange Act of 1934 applicable to U.S. domestic issuers, such as Forms 10-K, 10-Q and 8-K, rather than the forms the Company has filed with the Securities and Exchange Commission (“SEC”) in the past as a foreign private issuer, such as Forms 20-F and 6-K.

Till is accordingly now required to prepare its financial statements filed with the SEC in accordance with generally accepted accounting principles in the United States (“U.S. GAAP”). As required pursuant to section 4.3(4) of National Instrument 51-102 – Continuous Disclosure Obligations, Till must restate its interim financial reports for the fiscal year ended December 31, 2016 in accordance with U.S. GAAP, such interim financial reports having previously been prepared in accordance with the International Financial Reporting Standards.

The attached condensed consolidated financial statements (unaudited) for the three and nine months ended September 30, 2016 and 2015 have been prepared in accordance with U.S. GAAP.

The accompanying notes are an integral part of these interim condensed consolidated financial statements.

TILL CAPITAL LTD.
NOTES TO THE CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
For the three and nine months ended September 30, 2016 and 2015
(Unaudited)

1. BASIS OF PRESENTATION AND CHANGE IN PRESENTATION CURRENCY

Basis of presentation and measurement

The interim condensed consolidated financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("GAAP"). In the opinion of management, the accompanying interim condensed consolidated financial statements contain all normal and recurring adjustments necessary to fairly present the consolidated financial position of Till and its subsidiaries at September 30, 2016 and December 31, 2015 and the results of operations and comprehensive income (loss) for the three months and nine months ended September 30, 2016 and 2015 and cash flows for the nine months ended September 30, 2016 and 2015. The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the amounts reported in the consolidated financial statements and notes thereto. Actual results could differ from those estimates.

The interim condensed consolidated financial statements should be read in conjunction with the audited consolidated financial statements and related notes thereto included in Till's latest annual report on Form 10-K for the year ended December 31, 2016.

Prior to 2016, Till prepared its financial statements under International Financial Reporting Standards ("IFRS"), as issued by the International Accounting Standards Board ("IASB"), for reporting as required by securities regulators in Canada, and as permitted in the United States ("U.S.") based on Till's status as a foreign private issuer as defined by the U.S. Securities and Exchange Commission (the "SEC") for foreign private issuers. During 2016, Till determined that it no longer qualified as a foreign private issuer under the SEC rules. As a result, beginning with Till's annual report on Form 10-K for the year ended December 31, 2016, Till is required to comply with all of the periodic disclosure and current reporting requirements of the Securities Exchange Act of 1934 (the "Exchange Act"), as amended, applicable to U.S. domestic issuers. Under the Toronto Securities Exchange - Venture ("TSX-V") regulations, Till is permitted in Canada to prepare its consolidated financial statements in accordance with GAAP. The transition to GAAP was made retrospectively for all periods presented in Till's 2016 Form 10-K, including the consolidated financial statements.

The consolidated financial statements have been prepared in U.S. dollars as if the U.S. dollar had been the presentation currency since January 1, 2015. The functional currency for Till is the U.S. dollar. The exchange rates used in converting Canadian dollars to U.S. dollars were as follows:

	Three Months Ended September 30,		Nine Months Ended September 30,	
	2016	2015	2016	2015
Exchange rate comparisons at period end	US\$1 = CDN\$1.3143	US\$1 = CDN\$1.3410	US\$1 = CDN\$1.3143	US\$1 = CDN\$1.3410
Average exchange rate for the period	US\$1 = CDN\$1.3041	US\$1 = CDN\$1.3068	US\$1 = CDN\$1.3221	US\$1 = CDN\$1.2587

The exchange rate comparison at December 31, 2015 was US\$1 = CDN\$1.3870.

Basic and diluted income (loss) per restricted voting share are calculated on Till's loss expressed in U.S. dollars attributable to Till's shareholders divided by the weighted average number of Till shares outstanding during the year.

Exchange listing

In May 2015, Till completed a U.S. exchange listing to broaden its access to capital markets. Till's restricted voting shares commenced trading on the NASDAQ Market Exchange ("NASDAQ") on May 26, 2015. Till's Board of Directors also made a decision to change the currency presentation in Till's financial statements from Canadian dollars to U.S. dollars so that (i) investors in the U.S. can more easily understand Till's financial results of operations and financial position, and (ii) Till's financial statements are more comparable to other companies in the U.S. market.

2. SIGNIFICANT ACCOUNTING POLICIES

There have been no changes to Till's significant accounting policies as described in Till's annual report on Form 10-K for the year ended December 31, 2016.

Accounting pronouncements

The recent accounting pronouncements described below have had or may have a significant effect on Till's consolidated financial statements or on its disclosures on future adoption. Till does not discuss recent pronouncements that (i) are not anticipated to have an impact on Till or (ii) are unrelated to Till's financial condition, results of operations, or related disclosures.

In May 2014, the Financial Accounting and Standards Board ("FASB") issued Accounting Standard Update ("ASU") No. 2014-09, *Revenue from Contracts with Customers* (Topic 606). Topic 606 provides guidance on revenue recognition for entities that enter into contracts with customers to transfer goods or services or enter into contracts for the transfer of nonfinancial assets. The core principle of the guidance is that an entity should recognize revenue to depict the transfer of promised goods or services to customers in an amount that represents the consideration that the entity expects to be entitled to in exchange for those goods or services. Additional disclosures are required to provide quantitative and qualitative information regarding the nature, amount, timing, and uncertainty of revenue and cash flows arising from contracts with customers. Topic 606 is effective for annual reporting periods, and interim reporting periods within those annual periods, beginning after December 15, 2017. Earlier application is permitted only as of annual reporting periods beginning after December 15, 2016, including interim reporting periods within that reporting period. Till is continuing to evaluate the impact of the new guidance on its consolidated financial statements. Till believes the new guidance will be less complex and will not have a significant impact on its financial statements.

In May 2015, the FASB issued ASU No. 2015-09, *Financial Services - Insurance* (Topic 944), that requires additional disclosures for short-duration insurance contracts. Till adopted those disclosures as of December 31, 2016, and has included, in Note 7 of the audited consolidated financial statements for the year ended December 31, 2016, disclosures that provide more information about initial claim estimates and subsequent adjustments to those estimates, the methodologies and judgments used to estimate claims, and, if available, the timing, frequency, and severity of claims. This guidance requires a change in disclosure only and adoption of this guidance did not have any effect on Till's financial condition or results of operations.

In September 2015, the FASB issued ASU Topic 2015-16, *Business Combinations* (Topic 805): *Simplifying the Accounting for Measurement-Period Adjustments*, that allows an entity to recognize adjustments to provisional amounts in a business combination in the reporting period in which the adjustment amounts are determined. Topic 805 is effective for fiscal year 2017 and is expected to be adopted by Till in 2017. Till does not expect the adoption of this standard to have a material impact on its financial statements.

In January 2016, the FASB issued ASU Topic 2016-01, *Financial Statements - Overall* (Topic 825-10): *Recognition and Measurement of Financial Assets and Financial Liabilities*, that requires equity investments to be measured at fair value with changes in fair value recognized in income, use of the exit price notion when measuring the fair value of financial instruments for disclosure purposes, separate presentation of financial assets and financial liabilities by measurement category and form of financial asset on the balance sheet or the accompanying notes to the financial statements, present separately in other comprehensive income the portion of the total change in the fair value of a liability resulting from a change in the instrument-specific credit risk, and eliminates the requirement to disclose the method(s) and significant assumptions used to estimate the fair value that is required to be disclosed for financial instruments measured at amortized cost on the balance sheet. Topic 825-10 is effective for annual periods beginning after December 15, 2017, including interim periods within those annual periods, with early adoption permitted for certain requirements. Till is assessing the impact of adopting this accounting standard on its consolidated financial statements and related disclosures.

In February 2016, the FASB issued guidance that affects the recognition, measurement, presentation and disclosure of leases. The new guidance requires substantially all leases to be reported on the balance sheet as right-to-use assets and lease liabilities, as well as additional disclosures. The standard is effective as of January 1, 2019, and early adoption is permitted. While Till has limited leasing activities, Till is in the early stages of evaluating the impact of the new guidance on its consolidated financial statements.

In March 2016, the FASB issued ASU Topic 2016-09, *Compensation-Stock Compensation* (Topic 718), that requires recognition of the excess tax benefits or deficiencies of share-based awards through net income rather than through additional paid in capital. Additionally, the guidance allows for an election to account for forfeitures related to share-based payments either as they occur or through an estimation method. Till expects to adopt this guidance beginning in the first quarter of 2017.

No other new accounting pronouncement issued or effective during 2016 had or is expected to have a material impact on Till's consolidated financial statements or disclosures.

3. ASSETS HELD FOR SALE

In the second quarter of 2015, Till's controlled subsidiary, Silver Predator Corp. ("SPD"), of which Till, through its 100% owned subsidiary Resource Re Ltd. ("RRL"), owns 64% of the outstanding shares, announced its intention to realize value from some of its assets by initiating a process to sell all, or part, of the tangible and mineral property assets at some of its properties in Nevada. SPD's Board of Directors and management committed to a plan to sell Springer Mining Company ("SMC") and the Taylor mill. Since initiating that process, active negotiations have been held related to the sale of those assets.

SPD informed Till that SPD considers it probable that (i) the sale of SMC will be completed in one year; therefore, those assets are classified as assets held for sale and are measured at the lower of carrying amount and fair value less the cost to sell at September 30, 2016 and (ii) the sale of the remaining Taylor mill assets is expected to be complete within one year; therefore, those assets are classified as assets held for sale and are measured at the lower of carrying amount and fair value less cost to sell at September 30, 2016. Assets held for sale at September 30, 2016 and December 31, 2015 are as follows:

	September 30, 2016	December 31, 2015
Assets:		
Mineral properties - Springer	\$ 544,071	\$ 544,071
Property, plant, and equipment - Springer	3,998,568	3,998,568
	<u>\$ 4,542,639</u>	<u>\$ 4,542,639</u>

Taylor Mill assets had a book value of \$-0-.

4. PROMISSORY NOTE RECEIVABLE

Till holds a promissory receivable from Golden Predator Mining Corp. ("GPY") with a face amount of CDN\$3,753,332 (US\$2,570,950). That promissory note bears interest at 6% per annum to June 1, 2016, 8% per annum through to June 1, 2017, 10% per annum through to June 1, 2018, and 12% thereafter.

The first installment of CDN\$717,450 (US\$546,546) was received on May 25, 2016. The note is repayable in amounts, including interest, of CDN\$721,769 on June 1, 2016, CDN\$1,256,000 on June 1, 2017, CDN\$1,320,000 on June 1, 2018, and CDN\$1,232,000 on June 1, 2019. All amounts are to be paid in cash. That promissory note is secured by the shares of GPY's 100% owned subsidiary, Golden Predator Exploration, Ltd., and by GPY's interests in the Brewery Creek and 3 Aces properties.

The promissory note was initially recognized at fair value, and is subsequently being carried at amortized cost using the effective interest rate method.

Fair value of note at December 31, 2015	\$ 2,463,262
Principal payment on May 25, 2016	(421,522)
Accrued Interest	203,617
Foreign exchange gain	150,177
Carrying value, September 30, 2016	<u>\$ 2,395,534</u>

5. INVESTMENTS

Realized gain (loss) on investments, net:

Till calculates the gain or loss realized on the sale of investments by comparing the sales price (fair value) to the cost or adjusted/amortized cost of the security sold. Till determines the cost or amortized cost of the bonds sold using the specific-identification method and all other securities sold using the average cost method.

Held for trading investments

The net realized gain from sales of held for trading investments was \$1,178,511 for the nine months ended September 30, 2016 and \$332,475 for the nine months ended September 30, 2015.

Till acquired Omega Insurance Holdings, Inc. ("Holdings"), including its subsidiaries, Omega General insurance Company ("Omega"), a fully licensed insurance company, and Focus Group, Inc. on May 15, 2015. The Omega unpaid losses, LAE, and amounts ceded at acquisition in the foregoing schedule are related to business written or assumed by Omega at the date of acquisition on business written prior to the date of acquisition.

In September 2015, RRL novated two reinsurance contracts that had been assumed in December 2014 from Multi-Strat Re. As a result of those novations, RRL paid a novation-related premium of \$5,246,208 and released its reserve for unpaid losses and LAE of \$5,113,010.

The following table depicts written premiums and earned premiums, showing the effects of these components on the Company's consolidated statements of income (loss) and comprehensive income (loss):

	Three Months Ended		Nine Months Ended

8. DEFERRED POLICY ACQUISITION COSTS

Summary of changes in deferred policy acquisition costs

	Nine Months Ended	Year Ended
	September 30, 2016	December 31, 2016
Balance, beginning of year	\$ 465,472	\$ —
Acquisition costs deferred	8,050,743	5,609,635
Amortization of deferred policy acquisition costs	(7,896,037)	(5,144,163)
Balance, end of period	\$ 620,178	\$ 465,472

9. GOODWILL

Till attributed \$3,368,321 of the Holdings purchase price to goodwill. The amount of goodwill related to the acquisition of Holdings is subsequently adjusted for the foreign exchange translation. The goodwill on Till's balance sheet is summarized as follows:

	Nine Months Ended September 30, 2016	Year Ended December 31, 2015
Balance, beginning of year	\$ 2,913,110	\$ —
Acquired goodwill	—	3,368,321
Foreign exchange translation	132,120	(455,211)
Balance, end of period	\$ 3,045,230	\$ 2,913,110

10. INCOME TAXES

Till's income tax benefit (expense) consisted of Canadian current income tax benefit of \$16,447 for the three months ended September 30, 2016 (three months ended September 30, 2015 - \$158,900 income tax expense) and income tax expense of \$41,088 for the nine months ended September 30, 2016 (nine months ended September 30, 2015 - \$138,603 income tax benefit).

11. OTHER ASSETS

Summary of other assets

	September 30, 2016	December 31, 2015
Other receivables	\$ 92,773	\$ 96,293
Prepaid expenses and deposits	218,809	179,252
Reclamation bonds	124,468	124,468
Other	142,960	219,156
	\$ 579,010	\$ 619,169

12. ACCOUNTS PAYABLE AND ACCRUED LIABILITIES

Summary of accounts payable and accrued liabilities

	September 30, 2016	December 31, 2015
Accounts payable	\$ 867,090	\$ 1,622,068
Accrued payroll	46,469	33,159
Securities sold short	62,720	1,988
Financial derivatives	—	337,684
	\$ 976,279	\$ 1,994,899

13. SHAREHOLDER'S EQUITY

Common stock

Till is authorized to issue 12,000,000 shares of restricted voting stock at a par value of \$0.001. Shares of Till have restricted voting rights, whereby no single shareholder of Till is able to exercise voting rights for more than 9.9% of the voting rights of the total issued and outstanding Till shares. However, if any one shareholder of Till beneficially owns, or exercises control or direction over, more than 50% of the issued and outstanding Till shares, the 9.9% restriction will no longer apply to the Till shares. At September 30, 2016 and December 31, 2015, there were 3,429,284 issued Till shares.

Stock options and warrants

Till's Board of Directors may, from time to time and in its sole discretion, award options to acquire shares of the restricted voting stock of Till to directors, employees, and consultants. During the nine months ended September 30, 2016, Till recognized stock-based compensation related to options of \$10,934, (nine months ended September 30, 2015 - \$412,674), which amounts are included in the consolidated statement of income (loss) and comprehensive income (loss). At September 30, 2016, Till has 110,704 stock options outstanding with a weighted average exercise price of CDN\$11.35 (\$8.64) and a weighted average remaining term of 2.8 years. During the nine months ended September 30, 2016, Till also recognized stock-based compensation of \$16,007 as a result of consolidating SPD (nine months ended September 30, 2015 - \$40,968) which amounts are also included in the consolidated statement of income (loss) and comprehensive income (loss).

Till's Board of Directors may, from time to time and in its sole discretion, issue warrants to acquire shares of the restricted voting stock of Till. At September 30, 2016, Till has 179,500 warrants outstanding with a weighted average exercise price of CDN\$9.92 (\$7.55) and a weighted average remaining term of 3.2 years.

Normal course issuer bid

On September 25, 2015, Till announced that it has initiated a normal course issuer bid ("NCIB"). Under the NCIB, Till has approval to bid for up to 265,502 common shares, representing 10% of the 2,655,025 shares forming Till's public float. All purchased shares will be returned to treasury and canceled. During the nine months ended September 30, 2016, Till purchased 79,000 common shares for \$314,678 through the NCIB.

14. INCOME (LOSS) PER SHARE

Till uses the treasury stock method to calculate diluted income (loss) per share. Following the treasury stock method, the numerator for Till's diluted income (loss) per share calculation remains unchanged from the basic income (loss) per share calculation, as the assumed exercise of Till's stock options and warrants does not result in an adjustment to net income or loss.

Stock options to purchase 110,704 restricted voting shares were outstanding at September 30, 2016 (December 31, 2015 – 167,641). Warrants to purchase 179,500 restricted voting shares were outstanding at September 30, 2016 and December 31, 2015. Those stock options and warrants were excluded in the calculation of diluted earnings per share because the exercise price of the awards was greater than the weighted average market value of the restricted voting shares in the nine months ended September 30, 2016.

15. SEGMENT INFORMATION

Till operates in a single segment, which is insurance.

Till's revenue is attributed to the following geographical areas:

	Three Months Ended September 30,		Nine Months Ended September 30,	
	2016	2015	2016	2015
Revenue				
Canada	\$ 1,292,508	\$ 1,198,147	\$ 2,109,588	\$ 1,339,425
Bermuda	157,989	(5,080,247)	1,704,264	(5,441,722)
United States	560,938	(382,256)	145,312	(680,667)
	\$ 2,011,435	\$ (4,264,356)	\$ 3,959,164	\$ (4,782,964)

16. RELATED PARTY DISCLOSURES

Service agreements

Till is party to service agreements with SPD whereby Till provides accounting, corporate communications, technical services, and other management services on a cost-plus recovery basis, and ay September 30, 2015 was party to service agreements with GPY whereby Till provided similar services to SPD on a cost-plus recovery basis. The agreements with GPY were terminated on July 31, 2015. The technical service agreement with SPD was terminated on January 1, 2016, leaving only the accounting and corporate communications service agreements in effect. During the nine months ended September 30, 2016, Till charged SPD a total of \$27,000 (nine months ended September 30, 2015 - \$192,836) and GPY a total of \$-0- (nine months ended September 30, 2015 - \$79,376) for those services.

17. CAPITAL MANAGEMENT

Regulatory capital

Till manages capital on an aggregate basis, as well as individually for each regulated entity. Till's insurance subsidiaries are subject to the regulatory capital requirements defined by the Bermuda Monetary Authority ("BMA") for RRL and by the Office of Superintendent of Financial Institutions (Canada) ("OSFI") for Omega.

Till's objectives when managing capital consist of:

- Ensuring policyholders in the insurance and reinsurance subsidiaries are well protected while maintaining strong regulatory capital levels.
- Maximizing long-term shareholder value by optimizing capital used to operate and grow Till.

Till views capital as a scarce and strategic resource. This resource protects the financial well-being of the organization, and is also critical in enabling Till to pursue strategic business opportunities. Adequate capital also acts as a safeguard against possible unexpected losses, and as a basis for confidence in Till by shareholders, policyholders, creditors, and others. For the purpose of capital management, Till has defined capital as shareholders' equity, excluding accumulated other comprehensive income ("AOCI"). Capital is monitored by Till's Board of Directors. Till's insurance subsidiaries are subject to minimum capital requirements that, in the case of RRL, is \$1 million, and, in the case of Omega, the Minimum Capital Test ("MCT") is calculated based on guidelines established by OSFI. Those amounts are not available to satisfy liabilities of Till or other subsidiaries. Both RRL and Omega are in compliance with those requirements.

RRL

RRL is registered under The Bermuda Insurance Act 1978 and related regulations (the "Act") that require RRL to file a statutory financial return and maintain certain measures of solvency and liquidity. The required Minimum General Business Solvency Margin at September 30, 2016 was \$1 million. The Minimum Liquidity Ratio is the ratio of the insurer's relevant assets to its relevant liabilities. The minimum allowable ratio is 75%. RRL's relevant assets at September 30, 2016 were \$6.9 million (December 31, 2015 - \$5.66 million) and 75% of its relevant liabilities as of September 30, 2016 was \$62,277 (December 31, 2015 - \$28,671). As of September 30, 2016 and December 31, 2015, RRL is in compliance with those requirements.

Omega

OSFI has set out expectation of a 100% MCT as the minimum and have also set out 150% MCT as the supervisory target for Canadian property and casualty insurance companies. As of September 30, 2016, Omega had total capital available of CDN\$8.94 (U.S.\$6.8) million (December 31, 2015 - CDN\$9.29 (U.S.\$6.70) million) and a total capital required of CDN\$2.16 (U.S.\$1.64) million (December 31, 2015 - CDN\$2.27 (U.S.\$1.64) million) resulting in a MCT of 414% (December 31, 2015 - 410%) of the required amount. As of September 30, 2016 and December 31, 2015, Omega is in compliance with OSFI's MCT requirement.

Statutory Accounting Practices for RRL and Omega

RRL and Omega follow accounting practices prescribed or permitted by their respective regulators, Bermuda and Canada, respectively. Statutory accounting practices differ from GAAP in certain areas, the most significant being that statutory accounting practices:

- Require the expensing of policy acquisition costs as incurred, i.e., does not allow for the deferral and amortization of policy acquisition costs, i.e., DPAC.
- Require that certain investments be recorded at cost or amortized cost and allows bonds to be carried at amortized cost or fair value based on an independent rating.
- Specify how much, if any, of a deferred income tax asset is reportable as an admitted asset.

18. CONTINGENCIES

Till and its subsidiaries are party to various litigation-related matters in the ordinary course of our business. Till cannot estimate with certainty the ultimate legal and financial liability with respect to those pending litigation matters. However, Till believes, based on its knowledge of such matters, that Till's ultimate liability with respect to those matters will not have a material adverse effect on Till's financial position, results of operations, or cash flows.
